
Letter of Introduction

Dear Sir/Madam,

“Ranade’s SR Systems Pvt Ltd” has established itself as a leader in implementing highly technical and complex control systems. It is a leading solution provider of Industrial Automation & Controls, Instrumentation Solutions, Software Solutions, and Engineering Services. Organisation dealing in versatile range of activities and our Project methodology has enabled our clients with consistent project execution, reduced concept to delivery times, reduced startup times and overall reduced project costs. Our business philosophy is to exceed the customer’s expectations while providing an efficient, cost effective solution. Our commitment to excellence along with long term relationships with our customers gives us a reputation that is unparalleled in the industry.

It is managed by “Mr.Ravindra Ranade” the Director of the company and has achieved great recognition in the competitive market. The company has established in the year 1996 and in the year 1998 it has become a well-reckoned Authorized System House of “M/S SIEMENS LTD” engaged in distributing a wide array of Automation Products. Reckoned as a reliable Exporter and Supplier of Programmable Logic Controllers (PLC’s), Variable Speed Drive Systems (VFD’s) and Human Machine Interface (HMI) Panels with SCADA Systems and we aim to serve the clients with the best available products of SIEMENS.

Services in the following areas:

- Supply, Installation, Commissioning & Servicing of Programmable Logic Controller (PLC) based systems.
- Supply, Installation, Commissioning & Servicing of Variable frequency drive (VFD) system.
- Manufacture, Installation, Commissioning & Servicing of Conventional Electrical Control Panels like PCC's, MCC's, Control Desk etc.

“Ranade’s SR Systems Pvt Ltd” is technology-driven and specialists in the designing, manufacturing and commissioning of integrated solutions incorporating multiple Variable Speed Drives, Servo Drives, PLC’s and SCADA. We can provide System integration, Project management, Designing, Programming, Commissioning, Training and Documentation services for all factory automation needs. WE can provide complete turnkey solutions or expertise at any time during an automation project from conception to completion.

Industry Segments that already Served worldwide:

- Machine Tools
- Pharmaceutical Machinery
- Mixers & Agitators for Chemicals & Paint industry
- Steel Industry
- Cigarette Industry
- Petrochemicals & Fertilizers
- Bottling Industry

Industries We Cater To

By serving the flawless range of PLC Systems and Human Machine Interface Panel, we successfully cater to diverse industries such as Steel, Textile, Automotive, Iron, Glass, Machine manufacturer, Plant Manufacturer, Pharmaceutical, Chemical, Packaging, Printing, Plastic, Cement/ Ceramic, Furnace, and many more. The products, we supply, are demanded widely due to the efficient performance and long service life.

Future Prospects

Our company believes in the vision of forward thinking and we live by this creed. Our rich experience has helped us to strengthen our technological and managerial expertise. Customer satisfaction is imperative for us in our work as we rely on our loyal and satisfied client base.

In the coming future, we intend to further expand our export business to many other locations across the country. We value feedback from our clients, as it helps us in further improving our operations.

Mission

Enhancement of both the quality and technology upgradation for the Total Integrated System/Solution for automation as per customer's need and satisfaction. Promote diversification scheme for manufacture of value added products.

Why Us?

We have been able to be counted among the leading firms of this domain due to our qualitative products and services. Our transparency in dealing and ethical trade practices has enabled us to gain the confidence of large number of patrons across the world. Apart from these, there are varied other factors that are considered to be of utmost importance behind the enormous success of our organisation.

These factors are enlisted below:

- We believe in fulfilment of client's needs from concept to commissioning
- Excellent after sales service care
- Solution for energy conservation and energy efficiency
- Total package under one roof
- Accepted and approved by industries
- Professional management
- A customer's need based solution
- Strong and dedicated sales force and technical team

We are glad to inform you that we mainly deal with the below Product Portfolio :

- ❑ **SIEMENS PLC** : Logo, S7-200, S7-200 Smart, S7-1200, S7-300, S7-1500, S7-400, ET200S ET200SP.
- ❑ **SIEMENS VFD** : V20, PM240-2, G110, G120, G120C, MICROMASTER 420/430/440, DC Drives
- ❑ **SIEMENS HMI**: Basic, Comfort, Mobile (All with Key And Touch Option)
- ❑ **SIEMENS SERVO DRIVES**: V90, S110 and S120.
- ❑ **SIEMENS SOFTWARE** : LOGO Soft Comfort, WinCC Flexible, WinCC Explorer, SIMATIC Manager, Microwin, TIA Portal
- ❑ **SIEMENS ACCESSORIES** : Power Supplies (Modular/PSU/SITOP/PS/LOGO Power), Profibus Cable, Profinet Cable, Modbus Cable, PC/PPI Cable, MPI Adapter
